TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: INTEGRATED SERVICE DELIVERY MODEL/LEARNING LAB PLAN
SUMMARIES

The purpose of this notice is to inform the workforce community of the availability of three summary documents relating to the twelve integrated service delivery model local plans. These three documents (Executive Summary, Element Summary, Element Detail) were developed by the Workforce Services Division for discussion purposes at integration team meetings in San Diego on March 19-20, 2008. They are a compilation of the local integration plans submitted by each of the twelve Local Learning Lab participants and capture the design elements which they plan to use in modeling the new integrated service delivery system.

The State is using the local integration plans to assess the progress of the integration effort, determine if the learning labs are on target to pilot the new delivery system by July 1, 2008, identify potential barriers to implementation, provide technical assistance as necessary, and to showcase ideas and efforts that are enabling learning labs to achieve an effective and efficient implementation of a more fully integrated service delivery system.

The three summary documents are available online at the following internet Web site:
